SOLICITORS AND ESTATE AGENTS

Sales & Residential Lettings

OPEN 7 DAYS 020 8657 5599 NO SALE NO FEE

Manchesters has been established as solicitors in Sanderstead since 1979. The current partners, James Manchester and Andrew Durman, recently gained recognition of their service standards by becoming one of the small number of solicitors to become approved members of the Law Society's Conveyancing Quality Scheme. In 2005 the business expanded to provide an estate agency service, becoming one of the very few solicitors in the area to offer a combined sale and conveyancing service. In addition to their highly competitive rates, they have found that customers are attracted by the convenience and reassurance of having their solicitor and estate agent working together. The estate agency is run by four highly organised, well informed and dedicated negotiators.

For a limited period, Manchesters are offering to sell your property and undertake the conveyancing on both your sale and related purchase for a combined fee from 1.25% (terms apply). Availability will be limited and Manchesters expect this offer to be popular, so you should call them soon for further details and to book a free appraisal of your property. Property Sales Manager, Della Knight and her team of negotiators will be happy to hear from you on 020 8657 5599.
